

who we are

Established in 1964 by the parents of 6 children with developmental disabilities, Wayne ARC has evolved to serve over 1600 individuals of all ages and abilities at 20 locations throughout Wayne County.

our mission

Wayne ARC, a parent based organization, advocates for and serves persons of all ages with or without special needs. The Agency assists individuals in taking their full, independent, productive place in society through an array of quality individualized services.

Person Centered Thinking Training

Learn to
empower people
to have positive
control over
their lives

Presented by Wayne ARC &
The Learning Community for
Person Centered Practices

Person Centered Thinking ...

(PCT) is a process-oriented approach to empowering people with disability labels. It focuses on the people and their needs by putting them in charge of defining the direction for their lives, not on the systems that may or may not be available to serve them. This ultimately leads to greater inclusion as valued members of both community and society.

PCT Training ...

- Teaches skills to help identify what matters most to people
- Provides tools to help people live better lives
- Directly correlates with Personal Outcome measures (POMS) identified by CQL
- Contributes to positive valued outcomes directly linked to OPWDD, Medicaid and the HCBS Final Rule
- Develops skills in person-centered thinking through a series of discussions, applied stories, and guided exercises.

“Help people get better lives, not just better plans.”

-the Learning Community

Who Should Enroll in Person Centered Thinking Training?

- Case management professionals
- Nonprofit leaders
- Teachers and school personnel
- Nurses and caregivers
- In home support providers
- Family members and friends
