### C. Michael Henderson, MD

- Medical Director & Consulting Developmental Physician, Wayne ARC
- Associate Professor Department of Internal Medicine & Pediatrics, University of Rochester School of Medicine and Dentistry
- Board Certified in Internal Medicine, Geriatrics and Neurodevelopmental Disabilities

*Dr. Henderson is an internationally known clinician in the area of adult developmental medicine. His areas of expertise include the following:*

- ⇒ *Comprehensive geriatric assessment for older adults with DD including dementia screening.*
- ⇒ *Developmental medical assessments for adults with Down syndrome and other syndromes.*
- ⇒ *Developmental medical assessments for adults with cerebral palsy.*

Consultations can be problem-oriented (functional decline) or proactive and can serve as a resource for primary care health providers, agency treatment teams, and/or relatives giving care to adults with developmental disabilities.
