

PROGRAM

GOALS

- To provide a rich and varied learning environment in which each child can experience success
- To prepare each child to enter and succeed in the least restrictive environment within his/her home school district
- To provide a child and family centered approach that will meet their unique needs
- To respect each family's life goals and expectations and not impose our value system upon them
- To work together as a team to plan effective holistic educational and therapeutic programs
- To develop positive self concepts, self reliance and independence within each child's ability
- To develop a foundation of positive attitudes in all children toward each other, giving each the best opportunity to learn from one another.
